

Mohawk Local School District

2020-2021 Restart Quick Reference Guide

Option 1 – In-person Instruction Five-days of Week

Students will have the option to attend traditional school, while adhering to additional safety and health protocols.
(This plan may implement remote learning if the district is caused to close due to illness)

Option 2 – Remote Learning

Student will attend school in a digital format and will only enter the school building with approval from building leadership.
If a student chooses this option, the placement will run for entirety of the semester.
(Students at home daily receiving instruction online with support)

Main Safety Protocols: social distancing – cleaning – hygiene – personal protective equipment

A Health School Day Starts at Home

Families and caregivers are asked to adhere to the following guidelines:

- Conduct a student wellness check including temperature prior to sending a student to school. Students with temperatures over 100°F should stay home.
- Provide a mask or face shield for your student to wear when on the bus and while attending school.
- Limit visits to school as much as possible and preform a personal wellness check prior to arrival.
- Follow posted guidelines, read all signage, and wear a mask (highly recommended) when visiting the building.
- Update all contact information for school staff, if your child is sick or running a fever, he/she will be sent home.
- Notify the school of your preference to attend meetings in person, via phone, or using a virtual platform.

Students, Do Your Part

Students are asked to adhere to the following guidelines:

- Wearing a mask or face shield is required when on a bus.
- Wearing a mask or face shield is highly recommended while attending in-person classes and in the common spaces.
- Wearing a mask or face shield is required when working directly with staff (i.e.- one-on-one, small group instruction, etc.) when distancing cannot be maintained. Students who do not wear a mask may not have access to some group activities.
- Enter and exit the building through assigned/designated doors, receive a wellness check and report directly to class.
- Carry a water bottle as water fountains will not be available for use.
- Follow all signage in the hallways and common areas, stay to the right side in the hallways, and limit visits to your locker.
- Wearing a mask or face shield is required if a student is determined to have a fever or other symptoms.

Staff Members Are Here to Help

Teacher and staff will adhere to the following guideline:

- Ensure classroom setup of desks provides physical distancing for students and limit unneeded classroom materials and furniture.
- Wear a mask or face shield is required while in the class, working one on one with students or when circulating around the room.
- Ensure students maintain physical distance whenever possible.
- Provide reminders, issue warnings, contact parents/caregivers, and report repeated expectation violators to the office.
- Assist in the cleaning of desks, chairs, and any common materials.
- When appropriate, teachers will switch classrooms while students will remain in place.
- Supervise hallways and common areas to ensure students are reporting immediately to class and not congregating in hallways or common areas and following safety protocols.

Leadership Matters

Administrators and supervisors will adhere to the following guidelines:

- Ensure classrooms and cafeteria are arranged to create the maximum physically distancing possible for the space/room.
- Ensure regular cleaning of classrooms, restrooms, cafeteria, and common areas are disinfected during the school day and after school.
- Ensure supplies are readily available for custodians and teaching staff.
- Provide reminders, issue warnings, contact parents/caregivers, and issue consequences to repeated expectation violators.

Remote Learning

Families and students are asked to adhere to the following guidelines during online learning:

- Following a regular “school schedule” is recommended to help keep routines in place for students while working from home. Students should complete all assigned work and closely monitor his/her own progress.
- Parents/Caregivers please monitor student progress and contact the school for assistance if needed.
- Participate in virtual sessions with teachers as scheduled and watch all instruction lessons posted by teachers.

**Communications will be developed by the Wyandot County Health Department, not the school district.
Common templates will be developed for all Wyandot County Schools to use during the school year.**
